Cincinnati VA Medical Center

Centrally located and near many Cincinnati's sports and cultural attractions. The VA shares a 3 block campus with several other large Cincinnati Hospitals, as well as the University of Cincinnati medical and pharmacy colleges.

The CVAMC utilizes an integrated care model employing practitioners from all major disciplines, many of whom hold academic affiliations with the surrounding colleges. The CVAMC has established training programs in Mental Health Care for psychology, psychiatry, nursing, and social work. There is shared participation among disciplines in didactic training, educational programming, and research.

Application Deadline:

January 5th

- Substance use disorders
- Psychiatric Emergency / Consult Liaison
- Eating Disorders (non-VA site)
- Neurology Consult Team
- Inpatient Detox
- Outpatient MH BHIP/PCMHI

Other Residency Opportunities:

- Professional presentations & journal clubs

Program Background

The PGY2 Residency at the Cincinnati VA began in July 2014 as part of the VA's mission to increase multidisciplinary mental health training. In July 2016 the program completed its initial ASHP accreditation visit and received a maximum of 6 years of accreditation. The program is based in both inpatient and outpatient mental health settings with an emphasis in acute psychiatry and treatment of substance use disorders.
